

Consent for Surgery or Other Procedures

I hereby consent to the surgery or procedure discussed with the doctors and/or staff of the Countryside Animal Clinic, Inc. I understand that certain procedures such as general anesthesia, surgery, medical treatments, and manual restraint involve some degree of risk and that unexpected complications or death may result. I agree to hold Countryside Animal Clinic, Inc. and its doctors and staff harmless in the event that such loss or complications occur. I understand that responsibility for the payment for services provided in this office, is mine due and payable at the time services are rendered unless prior financial arrangements have been made. I further understand that a finance charge of 1.5% monthly which equates to 18% interest annually will be charged to any balance over 30 days past due. Also a \$3.00 monthly billing fee will be added to accounts over 30 days past due. In the event that the account is overdue I promise to pay court costs and reasonable attorney fees in order to collect the balance.

The procedure(s) I am consenting to is/are: \_\_\_\_\_

In case we need to reach you for questions please provide the best daytime phone#:

Phone: \_\_\_\_\_

Signature: \_\_\_\_\_

Date: \_\_\_\_\_ Animal's Name: \_\_\_\_\_

Check if you would like a text message at the number provided to the left once your animal is out of surgery and recovering.

Although it is not required for your pet to go under anesthesia, we do recommend that your pet have pre-anesthetic bloodwork done prior to anesthesia. This bloodwork checks, kidney, liver, and blood glucose values. The cost of this service is \$37.00. Would you like us to run pre-anesthetic bloodwork for your pet?

Yes \_\_\_\_\_ No \_\_\_\_\_

This would also be a convenient time to implant a microchip in your pet. A microchip is a permanent identification system that assists in returning lost or stolen pets to their owners. The regular cost of this procedure is \$38.00, however, we offer it to you at \$33.00 when performed in conjunction with today's procedure. Would you like a microchip for your pet?

Yes \_\_\_\_\_ No \_\_\_\_\_

It is our goal to keep all of our patients as comfortable and pain-free as possible during their hospital stay. In addition, you may choose for your pet to receive an additional "pain shot" at the time of discharge. Dogs will also get a two-day supply of pain medication for you to administer orally at home. The cost of this additional medication depends on the size of your animal. It will range from \$5 to \$15. Would you like this service?

Yes \_\_\_\_\_ No \_\_\_\_\_

Would you like your pet's nails trimmed while under anesthesia? The cost is \$5.

Yes \_\_\_\_\_ No \_\_\_\_\_

Would you like an e-collar(cone) for your pet to prevent licking at stitches etc?(not necessary for cat neuters)

Yes \_\_\_\_\_ No \_\_\_\_\_

Thank you very much for allowing us to participate in your pet's health care. We will do all we can to ensure the best possible outcome.
